

OUTDOOR **Power Pedestal**

POWERING
GOOD TIMES

#LegrandImprovingLives

 **legrand**[®]

Great outdoor spaces deserve great power.
From food trucks to concert stages, the Outdoor Power Pedestal keeps your outdoor events and equipment running smoothly without disrupting the environment. Let the music, laughter and fun take center stage.

Delivers the juice,
not the jitters.

No one delivers more power.
Get up to 125A — that's a
LOT of juice.

Designed to Blend In

Outdoor power should complement the space—not compete with it. The Outdoor Power Pedestal offers thoughtful design choices that adapt beautifully to any environment.

Power Where It's Planted.

Direct bury integrates with bottomless planters.

PREWIRED

UNWIRED

Durable Premium Finishes

Choose from black, silver, green or brown outdoor-rated finishes that seamlessly integrate into landscaping or architectural settings.

Standard & Custom Height Options

Available in 16", 30" and custom heights for subtle, streamlined integration—tall enough for convenience, discreet enough to stay out of sight.

Device Plate Variety

Select from 1-gang, 2-gang or Pin & Sleeve device plates. The 2-gang version includes a divider for both power and low-voltage needs, maintaining a clean look and organized function.

Built for the Outdoors

The Outdoor Power Pedestal isn't just designed for aesthetics—it's engineered for endurance. Every detail reflects quality craftsmanship and lasting performance.

High Amperage Power

Accommodates 15-125A NEMA-rated receptacles to meet the demands of modern outdoor spaces.

Prewired or Unwired Options

We understand time is money. Select prewired for quick, plug-and-play installation or unwired for flexible, on-site customization.

Surface Mounted or Direct Bury Installation

Whether it's a paved plaza or a landscaped lawn, we have pedestals with mounting options designed for every terrain and project timeline.

ADA Compliant Design

Thoughtfully designed for accessibility, making it easy for everyone to enjoy shared outdoor spaces.

Skip the cure time.

Direct bury installation means no waiting on concrete.

Outdoor-Rated Construction

Rugged sheet metal form built for long-term use. Tested and proven for demanding outdoor environments.

Protective Cover Design

A hinged, lockable cover closes automatically to meet while-in-use requirements, prevent unauthorized access and protect against weather.

Tested and Passed

Verified to deliver power safely and reliably- rain or shine.
