damp location

Top Product Features

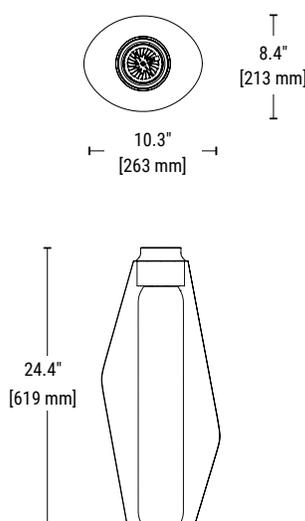

- The PrentaLux ARO series of statement decorative fixtures utilize Cooper Lighting Solutions proprietary 3D printing process.
- Integral LED light engine comes in 3 sizes with up to 8 output levels per size ranging from nominal 250 lms to 2700+ lms.
- 90+ CRI standard with 4 CCT options (2700K, 3000K, 3500K, 4000K).
- Universal Voltage (120-277V).
- 0-10V integral driver with dimming from 100% to 1%.
- 5-year limited warranty.

Dimensions

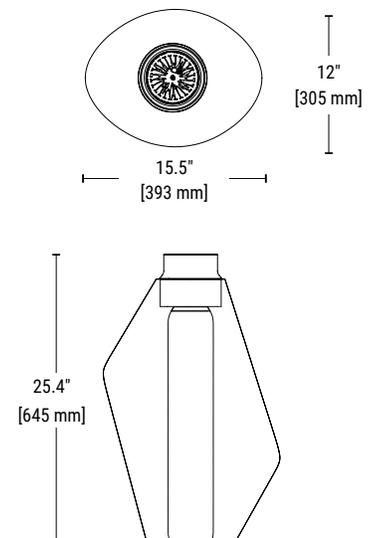

UNARO - SMALL

UNARO - MEDIUM

UNARO - LARGE

	1. Rigid stem kit must be ordered separately as an accessory as an accessory. See Accessories ordering information for stem accessory kit ordering codes.	1. Standard length of cord - 10ft [3050 mm]. Max available length is 25ft [7.62 m]. Consult factory for lengths longer than 10ft.	1. Rigid stem selection for wire length provided with fixture and canopy. Stem kit ordered separately.		1. Rigid stem must be ordered separately as an accessory.

Product Specifications

Construction

- PrentaLux Unaro consists of an integral LED light engine and a proprietary additive manufacturing process for the polycarbonate shade and components.
- Unaro series shades utilize a proprietary, impact resistant polycarbonate for maximum durability.
- The polycarbonate used for PrentaLux fixtures is bio-circular and thermally, mechanically and optically optimized for professional/commercial installations. Designed, engineered, and printed in the United States.

Electrical

- Standard 0-10V driver (with dimming from 100% to 1%) integrated into the canopy (120/277V/50-60Hz).

LED & Light Engine

- Available in 2700K, 3000K, 3500K, and 4000K CCT.
- 90 CRI standard.
- Up to 8 lumen packages ranging from nominal 250 to 2700+ lumens. (subject to specific CCT and Light Level).

Driver

- Standard offering is 0-10V with 1% dimming.

Optics

- Inner diffuser and outer translucent white shade
- Polar plot and UGR data on pages 5, 6, & 8.

Environment

- Suited for 25° Celsius ambient. Suitable for damp locations.

Shielding

- Deep regress of light source inside the inner diffuser and outer shade creates excellent cutoff.

Colors & Textures

- Translucent white shade paired with choice of 9 standard finial and canopy colors.
- 3 shade texture options.
- On-Demand finial and canopy colors available with possible extended lead times and additional costs. Please consult factory.

Mounting

- Mounting options include 3D printed canopy, mounting hardware, and UL certified cord with aircraft cable or rigid stem.

Lengths

- Aircraft Cable mounting with 10ft cord. Lengths up to 25ft possible. (Consult factory as longer lead times apply).
- Standard rigid stem lengths are 36", 48" and 96". Rigid stem mounting comes with respective lengths of power and dimming wires with the fixture.

Weight

- All products are lightweight and much easier to install than traditional pendants.
- Weight does not include canopy or mounting.
- Small Unaro fixture weighs approximately 3 lbs.
- Medium Unaro fixture weighs approximately 4.4 lbs.
- Large Unaro fixture weighs approximately 6 lbs.

Warranty

- Standard five-year limited warranty on all parts. cooperlighting.com/legal.

Compliance

- Components are UL recognized and luminaires are cULus listed for 25°C ambient environments. Damp Location listed.
- Filament material is UL certified.
- BAA compliant options available.
- RoHS compliant.
- ISCC certified (for 3D printed materials). PrentaLux products will convert to printing our 3D parts with over 75% recycled or bio-circular materials (using an ISCC certified mass balance approach). Bio-circular materials are raw materials from ISCC Plus certified waste streams and residues including tall oils from the wood processing industry or used cooking oil from the food processing industry.
- Not to be installed in food prep areas and hazardous environments which may expose the product to pollutants such as oil, grease, or VOCs.
- Not for installations in locations such as gymnasiums, arenas, sports complexes, multi-purpose rooms, and any other locations where the fixture potentially will be subject to impacts from external sources.

Sustainability Specifications

- PrentaLux 3D printed parts are produced with at least 75% recycled or bio-circular materials (using an ISCC certified mass balance approach).
- ISCC certified. Certification applies only to 3D printed material.
