

# Canada Light Expo 2026

## Press Release

April 2026

### Canada Light Expo welcomes Electro-Federation Canada as Association Partner for the 2026 edition to Strengthen Industry Collaboration

Toronto, Canada—Marking its third edition, Canada Light Expo 2026, Canada's leading exhibition dedicated to the lighting industry, is set to strengthen its industry reach as Electro-Federation Canada (EFC) joins as an Association Partner. Scheduled to take place on 18-19 Nov 2026 at the International Centre, Toronto, the expo continues to build an extensive platform for lighting professionals, manufacturers, consultants, designers, architects, and decision-makers to connect, learn, and explore new opportunities shaping the future of the sector.

This partnership with EFC highlights Canada Light Expo's focus on building impactful industry connections & networking beyond business opportunities. Electro-Federation Canada represents over 230 member companies across the electrical and automation sector, supporting Canada's net-zero goals. With expertise in intelligent buildings, smart infrastructure, and Industry 4.0, EFC plays a key role in driving industry growth through research, professional development, and advocacy.

Through this partnership, Canada Light Expo 2026 will create dedicated opportunities for industry to engage , network, connect & collaborate & strengthen the importance of lighting, building controls & automation in the Canadian market.

Speaking about the collaboration, **Mr. Gaurav Juneja, Director, MEX International Inc** said, "The partnership is aligned with the event's broader vision of creating a well-rounded platform where associations, brands, and professionals can work together to strengthen the industry. The opportunity to collaborate with EFC, a respected association with a strong industry footprint, supports the expo's mission to bring together relevant stakeholders and create impactful engagement across multiple levels of the lighting value chain.

Meanwhile, **Mr. Tom Mason, VP Membership & Channel Development**, said, "We are pleased to partner with Canada Light Expo 2026 as an Association Partner. Platforms like these play a significant role in bringing together key stakeholders across the design and lighting sector. This collaboration aligns with our commitment to supporting industry growth, encouraging innovation, and fostering meaningful dialogue around emerging technologies and sustainability."

Canada Light Expo 2026 will continue to serve as a major platform for showcasing lighting innovation, from architectural and decorative lighting to energy-efficient, human-centric, smart, and sustainable solutions. With the participation of leading brands, industry experts, the expo is positioned to further elevate dialogue around the future of lighting in Canada and the role of collaboration in driving progress.

As the Canadian lighting industry continues to evolve in response to changing technologies, sustainability goals, and market expectations, partnerships such as this one play an essential role in strengthening the ecosystem. With its strategic location and commitment to industry engagement, Canada Light Expo 2026 remains an ideal meeting point for the lighting & design community to exchange ideas, discover innovations, and shape the future of the industry together.
