Leviton Canada Appoints Salex as Network Solutions Sales Agency for Ontario

POINTE-CLAIRE, QC, September 8, 2026 – Leviton Canada is pleased to announce the appointment of **Salex Inc.** as our authorized sales agent for the Network Solutions (NS) product portfolio across the Ontario market, effective immediately. This appointment reflects our commitment to strengthening customer engagement, expanding market coverage, and providing enhanced local support throughout the province.

Salex brings a highly experienced team, deep relationships within the Ontario electrical and specification community, and a proven track record of delivering exceptional customer service. Through this partnership, customers and channel partners will benefit from dedicated sales support, product expertise, and expanded market development efforts focused on the NS portfolio.

This appointment is part of Leviton Canada's ongoing strategy to invest in the Ontario market and ensure our customers have access to the resources and support needed to drive project success. Salex will work closely with Leviton Canada's sales, marketing, and technical teams to support distributors, contractors, consultants, and end users throughout the region.

"We are excited to further expand our partnership with Salex, as their market expertise, customer focus, and strong presence across the province make them an ideal partner to support our continued growth and commitment to customers," said Jason Prevost, President & COO, Leviton Canada.

"We are thrilled to further strengthen our partnership with Leviton Canada. Our team is excited to support the Network Solutions portfolio in Ontario and to continue delivering the responsive service, technical knowledge, and project support our customers have come to expect from Salex," said Paul Hudson, Principal, Salex Inc.

For sales inquiries, product support, or project opportunities related to the NS portfolio in Ontario, customers are encouraged to contact their local Salex representative or Leviton Canada representative.
