GLO CHANDELIER SUSPENSION

GLO CHANDELIER SUSPENSION RECTANGULAR 7 PENDANTS BRONZE MIRRORING GLASS

DESCRIPTION:

The Glo Chandelier is an elegant centerpiece from Penta, featuring a white round Ø30 plate with three glass pendants: 1 Glo Medium in Gold, 1 Glo Mini in Black, 1 Glo Mini 4ever. Each pendant is crafted from a luminous glass sphere that enhances the brilliance of light through mesmerizing reflections. Its adjustable cords extend up to 4 meters, allowing you to customize the height and create a dynamic composition at different levels — perfect for positioning above a dining table, kitchen island, or cascading gracefully in a staircase. A true signature of Italian design, this chandelier blends finishes and sizes to form a sculptural piece that is both modern and timeless. Its versatility makes it ideal for residential and commercial spaces, adding sophistication and warmth to dining areas, living spaces, restaurants, or striking entryways.
